Destroying Religious Gates In America - 601 Drill Bit

The dream started with Dutch and I were on I40 East coming out of Little Rock, Arkansas. I had a knowing that this journey we were on started in the DFW area. We were in a very large truck with 24 wheels on it headed to Washington D.C. This truck was like a huge drilling rig that you would see in the oil fields of Texas. Dutch was driving and we were moving fast. I was sitting in the co-pilots seat. There were lots of equipment in front of me- monitor screens, buttons, cameras and so forth. I was working the equipment intensely. These equipments were allowing me to view a huge X-ray mechanism that was attached to the undercarriage of the truck. This X-ray was making visible a very ancient root system that had grown underneath the surface of America. We were following this root system to find what was told to us were gates in the root system. We were to stop over each of these gates and drill down into the gate. As we drilled, the master key would no longer work that was used to open and close these gates. The drilling out of these locks actually gave us the control of these gates. As we made our way towards Washington DC, we were shown by this x-ray several gates to stop and drill into. Some of the cities were: Little Rock, AR, Memphis, TN, Nashville, TN, Appomattox, VA, down to Atlanta, GA and then on to D.C. As we stopped, we drilled quickly, destroying the gates in this root system. I can remember in the dream that the igniter to start the engine on the drill rig was a code we had to enter on a keypad attached to the exterior of the engine. The code was Revelation 12:10-11. We had to enter it each time we would start to drill. This all happened quickly. Dutch was driving fast.

Once we arrived in Washington D.C. we stopped in front of the Trump Hotel. (In the dream we knew it was the Trump Hotel but it was operating as the main US Post Office which it was originally built as.) Pulling in front of the building, Dutch began to blow the horn on the truck. The horn shocked me when I heard it sound off. The sound was like many shofars blowing all at one time. As this super loud shofar horn blew, George Washington, Benjamin Franklin and John Adams along with two angels appeared and opened a hidden door that was in the side of the building. Dutch drove the truck inside and stopped it in the middle of the large open lobby. Now we could see that there were angels everywhere. The Post Office was a functioning Post Office and those who were working the Post Office were angels. There were many from the cloud of witnesses inside the lobby. I could see Billy Sunday, Billy Graham, Adrian Rogers, J.W. Oliver (my grandfather who was a Baptist minister for over 7 decades), a man named B.H. and a lady named Lottie and others. We parked and stepped outside the truck. We were met by Ron Phillips, Kenneth Copeland and Gabriel the Archangel. Gabriel was in charge of the Post Office. He was dispatching angels to many places. He said to Dutch, "A scroll has arrived for you. We held it here until you arrived. It's a mission within "Operation Redeem All" It's time now for Yahweh's sons and daughters to be released from the religious slavery that has held them in this nation. You are here to destroy the gates and this roots of religion in America." When Dutch unrolled the scroll he began to read from it. It had to do with the Drill rig that he had been driving across the nation. It read, "You

will need a new method of igniting the engine on the rig for this mission. You will no longer enter a code you will begin to speak the code. You will declare the code from your mouth." Under the message was written the verse: Hebrews 12:25-29. This is what was to be declared. It was the code.

After Dutch read aloud this decree, Kenneth Copeland said to him, "We have located the main gate of this root system. It is just here under the Post Office." Ron Phillips then spoke up and said, "There are a lot of people where I come from who are attached to the root system. I mean to see them free. They are being held there by the hundreds of thousands." I noticed at this time that Ron was dressed like an engineer would be dressed on old steam engine. He said, "I have laid the track for your rig to get in place to drill this gate attached to the root and see them freed." Gabriel then led us to a room that had two large wooden doors on it. Written on the doors were the words, "Ekklesia Suite Room 2021." Gabriel spoke to the door and it swung open. We could feel the weight of the presence of Yahweh very strong with us when we entered the large room, Ekklesia Suite 2021. Upon entering we saw a set of tracks laid in the room that ran to the far wall of the room and somehow from there ran underneath the Post Office. We look behind us and the truck had somehow made its way to the room. Ron began to run down the tracks shouting with excitement saying to us, "We must hurry. The timing of this is so important. Their axes are dull and I don't know how much longer they can fight with the root." This root was alive. We knew it was a stronghold in the nation. Ron then jumped in a small track car like you would see in a mine shaft and shot down the tracks. We knew he went to prepare what was about to be broken free.

Kenneth Copeland said to Dutch as he swiftly turned to make his way to the truck, "Start the engine Dutch! This is it! This is it! Kenneth reached for the controls of the large drill and in doing so he released the bit that was in it and changed the bit to what in the dream was known as a 601 bit. As the 601 bit was put in place Dutch then began to preach from Hebrews 12:25-28. Some of the Election team was now visible in the Ekklesia Suite 2021. They were walking around the room praying in the Spirit. Their tongues literally were releasing fire into the room. I can remember in the dream that the anointing was so strong on Dutch and he was preaching with such power, Gabriel said to us with a forceful laugh, "We have never seen Dutch preach like this!" As Dutch preached and declared this passage, the engine on the truck started and the PTO started to turn the 601 bit that Kenneth was operating. This bit was flexible and begin to make its way down the shaft where the tracks were laid. It reached the depth of 18 miles below the post office. Ron was there and he was swinging an axe trying to set people free that were caught in the tentacles of this root. As the 601 drill bit approached, we could hear echoing up the shaft Ron say, "Brace yourself, impact is coming." The 601 drill bit hit the gate located on the top of this massive root and shattered it into dust. Three men who were there died when this happened. Those that were bound in the tentacles of the root were immediately freed. The root seemed to let out a long breath as it was alive and releasing it's last breath.

Those that were freed quickly followed Ron back to the Ekklesia Suite 2021 in track cars. There were so many of them that we could not even count them. I said to Dutch, "These are five fold gifts." When they arrived in in the Ekklesia Suite 2021 they were

instantly washed clean like they had never been underground tied to a massive root. The angels that were working the post office begin to put scrolls in their hands and mantles upon the shoulders as they made their way into the lobby of the post office. Dutch stopped preaching and Kenneth left the controls of the 601 drill and they sat together on the front bumper of the truck. Gabriel and Ron approached us and Gabriel said, "You have destroyed the largest root of religion that has ever operated in America. It will never have power again." Ron then said to us, "Kenneth, Dutch, I never thought this would have been the escape plan but I am excited it was. They are now able to move into their callings and minister in the power of Holy Spirit as Jesus did." Gabriel and Ron begin walking toward those that has come up from the underground shaft to speak with them.
